

That Star in the Sky

By: Teryn Barker

That star in the sky,
Just never waves good-bye.
His name is Jeryn,
It reminds me of me, Teryn.
It shines like the sun,
That star is number one.
Not even that star Keryn,
Can compare to my star Jeryn.
That star is there every night.
That star is beautiful,
That star is bright.
I come out every night,
Just to see. I love that star,
It looks for me!
